And when you ask for guestlist, you are actually expected to come to the night. Yet still some people ask to be on the guestlist with their 5 friends at 4 different clubs on the same night. Why is this? So that they can say “oh, I am on the door at ***** with a plus 4”.

Q&A WITH TOMMY HILFIGER

WHAT WAS THE INSPIRATION BEHIND THE NEW MEN'S FRAGRANCE, HILFIGER? Icons have always been an inspiration for me. Icons such as Sean Connery and Daniel Craig both lead by distinction and have an offbeat yet elegant look. They have a passion, a fire and a drive to succeed.

HOW DOES HILFIGER DIFFER FROM YOUR OTHER FRAGRANCES? The Hilfiger fragrance collection is created for the young man who wore tommy but has grown up to be a man who is confident, successful and completely comfortable in his own skin. He is not trying to be any one else. Just himself.

TELL US ABOUT THE FRAGRANCE. Clean, strong and masculine, Hilfiger is a classic in every sense. Like the man who wears it, Hilfiger possesses an irresistible optimism. It's a scent strong and confident enough to be playfully sexy.

HOW DO YOU DESCRIBE THE HILFIGER MAN? No challenge too big, he lives for the adrenaline rush. For him, the excitement is in how fast and hard you play the game while still having fun.

INVEST IN YOUR WARDROBE

Building a good wardrobe is in many ways done the same way you build a fortune in the stock market. Think long terms! Don't put all your money on one trend and build your style from ground up. Let me list some basic guidelines that's easy to follow, and we guarantee that you will earn the interest of your boss, client, wife, or girlfriend in just a few minutes!!

INVEST: Consider your wardrobe as an investment. Start investing on classic prints and patterns because those will never get out of style. Have a good pair of black leather shoes to match your classic tuxedo for formal events. Or have a good pair of jeans and comfy kicks for those night outs with your friends. Do not forget to invest on your mind and body too!

SAVE: Quality over quantity. Save money by buying quality products that you will use for years to come. Do not waste your money on clothes that will wear out quickly. Learn to mix and match your clothes. Pair up your clothes with good grooming, good attitude and you are all good to go!

RISK: There is nothing wrong with following trends but keep in mind there are a lot of risks involved. Take calculated risks when it comes to fashion. Do not waste your money on fads because it will go as fast as it comes.

CHECK: Make it a habit to check everything before you leave your pad. Do not forget to iron your shirt especially if you are to wear it for a very important meeting or date where you want to impress someone. Double check if you must because you do not want someone to say your fly is open or your pants has a hole. Check everything!

LOAN: Borrowing is never good. Avoid borrowing/copying styles by being yourself. Use your credit card for those "real" emergencies. Nonetheless, it is sometimes good to take inspiration from fashion icons or fun eras like the 80's.

DEBT: In the end, being stylish is about being confident. No matter what others might say, always remember that you owe it to yourself to look good and feel good all the time. And no economic meltdown should ever put your confidence down. Well, one hot mama might put your pants down but that is another story to tell! /**SLITZ**

ORAL SEX INCREASES RISK OF THROAT CANCER.....

People think the face of oral cancer is a 70-year-old man who's been chewing tobacco and drinking whiskey all his life.

Researchers at the Johns Hopkins Kimmel Cancer Center have conclusive evidence that human papillomavirus (HPV) causes some throat cancers in both men and women.

These are patients that are young. They are in their 30s and 40s. They are nonsmokers, and they don't drink alcohol excessively. And all of them has HPV-16 in their tissue, in the biopsy specimen.

High-risk HPV strains cause cancer by using special proteins to disrupt healthy cells. It makes cells unable to repair themselves and unable to control how they are duplicated.

The virus is transmitted by direct contact. You only get HPV in the location it attaches to, so it never travels through the bloodstream.

So just exactly how it gets in the mouth may stun you.

Oral sex, including both fellatio and cunnilingus, is the main mode of transit for oral HPV infection, the investigators say, although mouth-to-mouth transmission remains possible and was not ruled out by the current study.

By John Enar Karlsson /JOHN_SWEDISH@YAHOO.COM

Maxim is the best-selling men's lifestyle magazine in the world and continues to expand its reach and dominance of the young male market. Dennis Publishing announces that the June issue of Maxim UK, on sale 23rd April, will be the final issue to be published in print in the UK. Dennis Publishing will continue to run Maxim.co.uk, the successful online companion of Maxim UK.

In answer to the consumer demand for Maxim content online, Dennis Publishing will be bolstering the online editorial team in order to develop more content with increased up-to-date, interactive and entertainment news.

Additionally, Dennis Publishing will now become the sole importer of the US edition of Maxim and will supply copies to both the UK newsstands and to subscribers. Current subscribers in the UK will receive the option of subscribing to the US edition or other Dennis Publishing men's lifestyle titles.

Dennis Publishing now holds the digital-only rights to publish the brand in the UK, which is licensed by Alpha Media Inc. who acquired the Maxim trademark in August 2007.

Since its launch in 1995, the award-winning Maxim brand has addressed the real-life needs of intelligent, professional, 20-something men in an entertaining and informative way. The brand quickly became the biggest-selling men's lifestyle property in the world.

"The Maxim brand remains the best-selling men's lifestyle magazine in the world, but Dennis Publishing must move with the times and recognize that the future of the brand in the UK is online," said James Tye, CEO, Dennis Publishing. "We are extremely proud of what Maxim UK has achieved: as a print magazine, it was at the forefront of the UK lifestyle market and as a website it will continue to inform and entertain thousands of readers every day."./**SLITZ**

APPLE ANNOUNCES INCREDIBLE NEW IPOD SHUFFLE

By John Enar Karlsson /JOHN_SWEDISH@YAHOO.COM

Apple® introduced the all-new iPod® shuffle, the world's smallest music player at nearly half of the size of the previous model, and the first music player that talks to you. The revolutionary new VoiceOver feature enables iPod shuffle to speak your song titles, artists and playlist names. The third generation iPod shuffle is significantly smaller than a AA battery, holds up to 1,000 songs and is easier to use with all of the controls conveniently located on the earphone cord. With the press of a button, you can play, pause, adjust volume, switch playlists and hear the name of the song and artist. iPod shuffle features a gorgeous new aluminum design with a built-in stainless steel clip that makes it ultra-wearable.

iPod shuffle is based on Apple's incredibly popular shuffle feature, which randomly selects songs from your music library. And now, when you can't remember the name of a song or an artist playing, with the press of a button iPod shuffle tells you the name of the song and artist. iPod shuffle can even tell you status information, such as battery life. With the ability to hold up to 1,000 songs and the VoiceOver feature, you can now easily switch between multiple playlists on your iPod shuffle.

By John Enar Karlsson

/JOHN_SWEDISH@YAHOO.COM

The Nokia E71 is a smartphone from the Eseries range, a Series 60 3rd Edition, second generation Feature Pack 1, device with a QWERTY keyboard targeting business users worldwide.

The E71 received positive critical reception, including an 8.9 out of 10 rating on CNET.co.uk. It was also voted Best Smartphone at the 2008 Mobile Choice Consumer Awards.

Email-centric, business-oriented phones can be dull as ditchwater, but the E71 isn't lacking exciting features. Like the Nokia E90, this smart phone boasts more features than your average Nokia.

The E71 is one of Nokia's most attractive smart phones to date. Many phones with Qwerty keypads lack a certain finesse, but the E71 wouldn't look out of place in an Aston Martin. Not only does it look good, its attractive metal casing feels very classy and it's not too heavy or too light. /**SLITZ**

KEEPING YOUR SPACE IN THE MARKET

For young entreps, ventures, career movers and slitzers, keeping our space in the market is a question we need to bear whilst innovative creations. Getting into buzz is easy, sustaining it is a big Q. How many business concepts were introduced and later failed, how many designs were printed and later emptied, careers in ramp and later off shored, what else?

Kevin, "The Man Inspiring Millions", an international author and entrepreneur in his book Winning the Game of Life says, "there aren't competitions if we master the strategy and process of winning." Winning is relative, it may mean graduating with honors, closing a deal with real estate clients, successful business ventures, increased profit and dividend shares to stockholders, or simply living a balance and healthy life between work and family. It may mean as well fulfillment and happiness. To keep our space in the market means to win the game of life!

How a young entrep at age of 27 manage in the youngest lists of millionaire in New Zealand? Great that I had a chance to work with Kevin on some projects. He was stern on his goals , developed his craft, his product, and constantly grow with innovative ideas. He stayed focus on what he wants to achieved, how he wants to achieve it, and establish a time frame for it. Such a result based oriented entrep! He once mentioned " Get the formula right and you get the right results." This is what makes those who stayed in the market relevant, asked them, you'll get the same answer.

Anothe guy, whom I will be meeting this friday (perhaps, must have met him by the time you read this column, anyway I can host a drink if you wanna chill with us) doesn't like studyin' and even asked my unit mate how you guys studied and manage into the A's school (with scholarships)? He didn't finish school and yet he owns three (3) condo buildings (not units), manages bunch of businesses (legit) enough for him to put up a foundation helping other people. What's his secret? He maximize working on things and opportunities that he likes most, and he does it at its best!

Two things then for our aspiring entrep, to stay relevant in the market, we had to dig into the experiences of those who manage to keep their space. Let's stay focus, find our niche and work on it at its best. Let's just keep things Sexy (Simply Exciting)! / **SLITZ**

BBC GETS READY FOR BITTORRENT DISTRIBUTION

By John Enar Karlsson /JOHN_SWEDISH@YAHOO.COM

Like many broadcasters today, the BBC is open to experimenting with online video distribution, allowing viewers to watch shows online. However, due to complex copyright issues people are not generally allowed to share or remix the videos - until now. For their new R&DTV production, the BBC is using a Creative Commons license, giving the viewer the freedom to redistribute and re-use the show.

To add to the excitement there are also plans to use BitTorrent to distribute the show and source material. The BBC is one of the partners in the EU funded P2P-Next research project that uses BitTorrent technology to shape the future of web based TV delivery. BitTorrent is very effective in reducing bandwidth costs and thanks to technology developed by the P2P-Next team it can also be used to stream TV-shows, and even live video.

The BBC is not offering BitTorrent downloads or streams for R&DTV just yet, but they do hope to use P2P-Next (and therefore BitTorrent) for future episodes. This could be done by embedding BitTorrent powered streams in their site or alternatively they could offer regular .torrent downloads.

R&DTV is published in a full 30 minute version and a brief 5 minute edition offering just the highlights. Both are available in various video formats but that's not all. For every episode, all of the source material - including raw footage not used in the full show - is also included in the so-called asset bundle.

"We're pretty excited and ask you to please tell us what you do end up doing with the asset bundle, so we can learn what works and what does not work and fix it next time we release another asset bundle," the BBC writes on the download page where the show is posted.

MONACO / - A TAX HAVEN PLEDGE ON EXCHANGE OF INFORMATION IN TAX MATTERS.

By John Enar Karlsson /JOHN_SWEDISH@YAHOO.COM

OECD Secretary-General Angel Gurría welcomed an announcement by Monaco that it is prepared to enter into agreements for the exchange of information in all tax matters in accordance with international standards developed by the OECD and recognised by the United Nations.

In a letter to the OECD Secretary-General, the Principality of Monaco stated that it is prepared to expand the scope of an anti-fraud agreement that it is negotiating with the European Commission so that the agreement incorporates the OECD standards fully.

Monaco expressed the hope that this agreement can be finalised by the end of 2009, so as to allow it to exchange information in all tax matters with all European Union member states that are signatories to the agreement. In addition, Monaco announced that it is prepared to negotiate tax information exchange agreements with all countries that wish to do so, and in particular with those members of the G-20 that are not also members of the EU.

Welcoming the announcement, Mr. Gurría said: "The Principality of Monaco has made a very important step by recognising that in today's financial world meeting international standards is no longer optional. Governments require it, customers require it, and competitors require it."

He also encouraged a rapid implementation of this commitment, underlining that "moving to concrete results is the true test."

Monaco was identified as a tax haven by the OECD in 2000 and included in an OECD list of unco-operative tax havens issued in 2002 after failing to join other financial centres in committing formally to take steps towards increased transparency and exchange of information.

In the last few weeks, a number of other jurisdictions have announced that they, too, are now ready to adopt the international standards. Commenting on these developments, Jeffrey Owens, Director of the OECD's Centre for Tax Policy and Administration, said: "These announcements demonstrate that acceptance of the OECD principles of transparency and information exchange is no longer an issue. The key now is to ensure rapid implementation, and the OECD will monitor progress very closely."

KALILA AGUILOS

interview_SHALINA SILVA / SHALEESILVA@HOTMAIL.COM AND JOHN ENAR KARLSSON ★ photography_KALILA ★

PROFESSION? That's tricky. I am primarily an actress for stage, television, and movies and also a commercial model. I also do stage design and costume designing for both theatre and events. And I am also a voice talent.

HOW DID YOU GET STARTED WITH ACTING AND WHAT INSPIRED YOU TO FOLLOW THE PATH YOU ARE ON NOW? I used to be a painter then. I graduated Fine Arts, at U.P. Diliman. I was very young and felt like trying other things. After 3 exhibitions, I quit painting. Since my family and my boyfriend's family at the time were into theatre, it was an easy option. I was too shy to perform then, so I started in theatre as a production manager, but eventually I got cast in a production. I fell in love with performing instantly I guess it has always been in my blood.

WHAT HAS BEEN YOUR MOST MEMORABLE WORK EXPERIENCE? Hmm… it's hard to pick one because I'm attached to all of the plays I've been a part of. Also, the circumstances by which I was cast in all of them make them out of the ordinary and therefore memorable to me. ZsaZsa Zathurnnah Ze Muzical is one I've been part of the longest since it is such a big success. I played the antagonist on this one, Queen Femina Suarestellar Baroux, which is so cool because I have license to be a bad-ass! I also get to perform in a thong.

IS THERE ANYONE THAT YOU LOOK UP TO AND MODEL YOURSELF ON? Model myself on, no. I feel that to be unhealthy. I do look up to some people in the theatre, especially the ones that touch me when they play characters onstage. I like truth in a performance, and respect the actors who can achieve it so easily. Be they veterans or newbies. I also admire serious discipline and love for the material. I never studied theatre, so I pick up discipline from people I've worked with.

WHAT WAS YOUR FIRST BOOKING AND HOW WAS IT? I was first in cast in a production written and directed by Nestor Torre. We met when I assisted him in interviewing people as fodder for a play he was writing. He asked me what I was doing being an assistant and insisted on casting me in his play. I was a nervous person, and he was so scary as a director that I forgot myself. I must say, it was very therapeutic.

WHAT'S THE BIGGEST MISCONCEPTION ABOUT YOU AS AN ACTRESS? That I cannot be ugly on stage.

WHO AND WHAT ARE YOUR INFLUENCES? I like a lot of British actors. You can tell they are serious in their role portrayals.

WHAT TYPE OF ACTING GIG WOULD YOU NOT ACCEPT? Porn.

IS THERE LOTS OF INDECENT PROPOSALS IN THE INDUSTRY? I haven't been offered fame in exchange for sex, but there are a few actors, who I think, take advantage of intimate scenes and say that they are only being in the character. Of course, that is just my subjective opinion. I have been asked to augment my breasts so I can be packaged as a sexy star in commercial show business. I refused, saying "Even if I augment my breasts, we cannot get rid of the striae from my pregnancy." If anyone needs boobs to make it in showbiz, then they can't act for shit. Boobs will not do anything for your acting skills, and it wasn't exactly the direction I wanted to take.

ANY NEW PROJECTS OR PLANS WE SHOULD ANTICIPATE? Dulaang U.P (University of the Philippines) might stage a re-run of ATANG, the life of Atang dela Rama our national artist, in July of this year. If the run pushes through I will be playing Gia Almonte, the sexy starlet who interviews the old Atang dela Rama to play her part in a biopic, in the hopes of being taken seriously as an actress. It's a beautiful play written by Floy Quintos and directed by Alex Cortez. There is talk of a re-staging of the hit Zsazsa Zathurnahh this year also.
Watch out for "Camera Café" and "You Women" on QTV and GMA. Both shows are snack comedies produced by Euro-Asia Media.

WHERE WERE YOU BORN? I was born in Rwanda (Africa), but my mom is from Jamaica.

HOW LONG HAVE YOU BEEN LIVING IN THE PHILIPPINES? I have been staying here for 2 years, and I am enjoying the place.

WHEN/HOW DID YOU COME UP WITH THE IDEA OF LIVING/STUDY IN THE PHILIPPINES? In 2005 my dad told me that I should come here to finish my studies because he graduated here. And I think I made the right choice.

WAS IT HARD TO GET A VISA OR A PERMIT? No. From our country, we do not need a Visa to come here. We just get a plane ticket at the airport and I can be wherever I want!

DO YOU SPEAK TAGALOG AND DO YOU THINK IT'S IMPORTANT TO SPEAK THE LOCAL LANGUAGE? I speak a lil bit of Tagalog and I think it is important, because you can be able to communicate with local people well. It will be smoother to mingle.

WHAT ARE THE POSITIVE AND NEGATIVE ASPECTS OF LIVING/STUDY IN THE PHILIPPINES? Let me start with negative and positive aspects of living here: Just like around here in Manila City, some spots are polluted, and corrupted too. Some places around are not so clean, but it is still nice to stay here because there are plenty of night places like clubs, bar, condo, schools, etc...

For negative and positive aspects of studying here: For me, it is okay but sometimes when I'm in class, some professors just talk in Tagalog explaining stuff and I cannot understand untill he is told. I think that's also a reason why we should learn the native language(tagalog).

DO YOU HAVE ANY TIPS FOR OUR READERS ABOUT LIVING/STUDYING IN THE PHILIPPINES? Well, what I can say is, this is really a nice place to live. With lots of friendly people wherever you go, you will feel instantly at home. Very hospitable culture.

WHAT'S A TYPICAL WEEK FOR YOU WHEN IT COMES TO TRAINING AND NUTRITION? Well, it depends... like sometimes when we have games, I play soccer by the way, I train 2 times a week. Need the stamina for it. And for the food I like to eat meat and eggs because it have proteins. I burn energy more when I play and train.

WHAT ARE SOME OF YOUR TECHNIQUES THAT HELP YOU MAINTAIN A GOOD 6-PACK? The key to a good 6-pack is to know how to choose those exercises that stretches your ab muscles. Stretching them will make them feel strained, then that will actually need some recovery time. Aslo include some exercises that use the abs functionality.

WHAT'S YOUR RING TONE RIGHT NOW? Kiss me through the Phone by Soulja Boy.

HOW WOULD YOU DESCRIBE YOUR LIFESTYLE? My lifestyle is really complicated. Like when I'm in vacation, I like just to hang out with my friends in some parties, drinking, clubbing, playings games, shopping... just simple things that are enjoyable.

BEST PARTY PLACE? Here in Philippines: Makati , Pasig, and Taguig.

FAVORITE TRAVELING DESTINATION? Puerto Galera and Boracay.

WHAT'S YOUR FAVORITE ALCOHOLIC BEVERAGE? Champagne, Rhum and Vodka.

FAVORITE WEBSITES? Facebook and Youtube.

CHRISTIAN RAEUBER

interview_JOHN ENAR KARLSSON ★ photos by_CHRISTIAN ★

WHERE DO YOU LIVE NOW AND WHY? While I believe I am a citizen of the world, my home base is Manila.

WHY DID YOU GET INTO DJING? I used to live in Singapore, where I went out every weekend to Zouk to listen to international and local DJ's. The level of production and the maturity of the audience was so awesome, I saw house music at its best. After watching so many acts, I always told myself that I must get into DJing to mold my own style. A few years later, I bought myself a mixer and two cd players for my birthday and started.

YOUR BIGGEST GIG SO FAR? The biggest club room in Manila is Embassy, therefore Emba was my biggest so far -- I am looking into spinning for large format events next year.

HOW LONG HAVE YOU BEEN A DJ? 3 years.

WHAT'S YOUR FAVOURITE TRACK THAT YOU LIKE TO PLAY? Casa Grande

WHAT WAS YOUR FIRST BOOKING? Small but cozy bar in Salcedo Village (Makati) by the name Coquina. Yes, that is where I mixed my first track ;) Thanks to my idol David Ardiente. hhahaha... David this one is for you .. haha.

WHEN YOU ARE UP THERE DO YOU HAVE A PLAY LIST OR DO YOU READ THE CROWD? Yes, I plan every track - how I mix the songs on which exact second, otherwise the entire set just collapses and the party is over... haha... just kidding :) I do not plan my set..... I play my music to the intensity level I believe the crowd is up for. DJ's must learn how to play to the crowd, which is the most dynamic part of the job.

BEST DJ EXPERIENCE? Boracay, 5am, Summer 08 - ARIELS house- small crowd but pumping... 1 cdj was broken, I decided to spin. People were still jumping up and down. Loved it. I also loved spinning on the roof deck pool parties and heli pad parties.

DO YOU PREFER PLAYING AT CLUBS OR BIGGER EVENTS LIKE RAVES? I love clubs, Id love to do big event. I must say, my route goes a different way tho. To throw a good party, you must take control over the entire production. Therefore my dream is to do parties in more non-conventional venues and with wicked themes ;) It's not only about the dj anymore, its the production and the people...

WHO AND WHAT ARE YOUR INFLUENCES? Many, mostly rock music. I used to be a pure-rocker, and I still love the music. From Jimmy Hendricks, Cream, Rage against the machine, Pearl Jam and Stone Temple. Notice that electro house sounds like rock?

HOW WOULD YOU DESCRIBE YOUR SOUND? Electro House and Progressive House.

DOSE IT COST LOTS OF MONEY TO BECOME A DJ? It costs you only your decision to be one. Go online and do the research... you will find out that it doesn't take much to be a dj nowadays. I suggest you practice at your friend's place first and see if it is for you. There are also schools in the market for you to test your hidden talents ...

WHAT CLUB/EVENT WOULD YOU LIKE TO DO? I love pool parties, so I'd love to continue that. Next step for next year will be to spin abroad.

FUTURE PLANS? Continue with wicked parties, I do not have a set calendar. Just go with the flow and enjoy right?

YOUR BEST DJ WEBSITES? Beatport and Djdownload.com

IS THERE LOTS OF INDECENT PROPOSALS IN THE INDUSTRY? Not too many :)

MARY&MAEY CLOTHING

-TWO GIRLS ONE PASSION

interview_SID AND JOHN ENAR KARLSSON ★ photography_DENNIS BAUTISTA & REO EMPLEO ★
models_ SHERIEMAEY ANNE OBRADOR AND MARYVEL SORIANO ★

Branding in Asia has become a phenomenon. Major branding experts in the region says branding has to be sustained by quality, d' clicks and flicks of it. This what keeps the major players of the local markets competitive in the fashion, clothing and garments industry.

One emerging local brand that we in slitz acknowledged is MarY and Maey CLOTHING – its stylish, loud, fits all events, trendy, most of all you can have it right at your doorstep – its not just the design and fabric that goes well with trend... its available Online. Let's then chat with the minds behind it – no ordinary girls!

IS THIS A FULL TIME JOB FOR BOTH OF YOU? Nope, of course we're still going to work on our chosen field, cause we still need money to support our business.

WHO CAME UP WITH THE IDEA TO START YOUR OWN CLOTHING LINE? Same idea, both of us really love dressing up and finding new things about fashion and since Mary knows how to design and make clothes and we're really into business then we start collecting designs, made it and start Mary&Maey as a clothing line.

WHAT'S THE GAME PLAN? First is to start online, sell the collections/clothes through our website and through SLITZ. Then we're planning to have our own shop/boutique maybe at the mall or somewhere, which we haven't decided yet.

HOW YOU DIVIDE YOUR WORKS? Maryvel is the one doing the designs and make some clothes. Sheriemaey is responsible for the websites, in sales and accounting.

HOW DO YOU DEFINE THE LOOK OF MARY&MAEY'S FASHION LINE? Mary&Maey is basically for girls, what we're trying to do is to keep it updated with the new styles/designs. We want to keep it simple, light but classy.

ARE YOU GOING TO CARRY OTHER BRANDS OR IS IT 100% YOUR DESIGNS? As much as possible no, we want our own designs and name/brand.

WHERE DO YOU SEE MARY&MAEY IN FIVE (5) YEARS? Five years from now, we're hoping for upbeat new and unique designs and hopefully to put up our own shop/boutique and a stable business.

WHAT TYPE OF FABRICS ARE YOU WORKING WITH? Cotton and silk is what we usually use. You can see in our April collections, the summer collections are more on colorful and light fabrics.

WHAT ARE SOME OF YOUR FAVORITE WEBSITES AND DESIGN MAGAZINES? Vogue, Marie Claire, Preview, Metro, Cosmopolitan, any fashion magazines and websites to keep us updated with new fashion trends and blossom our ideas.

HOW MUCH CAPITAL DID YOU NEED TO START THE BUSINESS? Ahm, let's just say small capital is enough to start a business but big capital is needed to support and develop it.

IS THERE ANYONE THAT YOU LOOK UP TO AND MODEL YOURSELF ON? We're just so inspired by all the online shops that never stops creating and sharing good designs/clothes and also to those big/successful companies and hoping to be like them someday. Just like what **SLITZ** Mag Phil does.

....there you go! another trendy online truly Filipino brand... Cheers and All the best girls.

NISSAN GT-R. A SUPERCAR UNLIKE ANY OTHER

Words_JOHN ENAR KARLSSON ★

With a manufacturer claimed lap time of 7:29 min on standard Japanese market tires, the GT-R is currently one of the fastest production cars to lap the **Nürburgring circuit**, although Porsche accused Nissan of falsifying those claims in September 2008..

"We set out to build a multi-performance supercar accessible to anyone, anytime and anywhere - I believe the GT-R has delivered that promise." said Kazutoshi Mizuno, Chief Vehicle Engineer for GT-R.

The Nissan GT-R is powered by the VR38DETT engine, a 3,799 cc (3.8 L; 231.8 cu in) DOHC V6. Two parallel Ishikawajima-Harima Heavy Industries (IHI) turbochargers provide forced induction. Production vehicles produce a manufacturer-claimed engine output of 480 bhp (360 kW) at 6400 rpm and 434 lbft (588 Nm) at 3200-5200 rpm.

The production version of the GT-R debuted at the 2007 Tokyo Motor Show, launching in the Japanese market on December 6, 2007. The U.S. official launch was 7 months later on July 07, 2008.

Breaking down the pre-orders for the new GT-R reveals that 60% of the buyers are under 50 years old

BENTLEY

CONTINENTAL SUPERSPORTS

Words_JOHN ENAR KARLSSON

Covered in a cocaine white paint job and sitting on massive black chrome wheels with blood red guts, the Bentley Continental Supersport is a beast of a machine.

The new Bentley is a supercar combining extreme power with pioneering FlexFuel technology. A muscular two-seater with distinctive exterior and interior styling that is unmistakably Bentley in its design, craftsmanship and performance. This is a car created through the continuing desire to reach new limits.

This is the Continental Supersports.

The Continental Supersports represents a perfect relationship between engineering and design with the enhanced iconic GT looks reflecting and heightening the supercar performance.

The Continental Supersports began as an under the radar project exploring the possibilities of reducing weight to realise the full potential of the car's already formidable W12 power unit.

The project resulted in a car re-engineered, re-tuned and re-mapped to achieve phenomenal supercar potency. 0-60mph in 3.7 seconds (0-100km/h 3.9 seconds). 621bhp (463kW/630PS). 800Nm (590 lb ft) @ 1700 to 5600rpm.

The fastest, most powerful Bentley ever

There's plenty of substance to this reworked Bentley Continental, which is also reflected in a significant 20 percent price rise. The figure is not final yet, but if you've got around $250,00 to spend on a fabulous sports car, the Bentley Continental Supersports just jumped onto your wish list. /**SLITZ**

TELL US A LITTLE BIT ABOUT YOUR BACKGROUND? I grew up in the Bronx, NY and been living there my whole life. I guess it goes back to our Latin Roots. Music is a very important part of the Hispanic culture. It is used as a way to express feelings about love, sadness and happiness. I think my star quality comes from my uncle who was a TBB (The Bronx Boys) and my father who was a musician. As a child I loved when he played the congas. I remember dancing to his music and even pretending that I was a superstar using my hairbrush as the microphone. It was early in my life that I developed a passion for modeling and dancing. Also I've always looked up to Jennifer Lopez and in fact some compared me to her and the late Selena.

5 WAYS TO BOOST YOUR ORGASM

★ words_Shalina Silva/ shaleesilva@hotmail.com ★ graphics_John Enar Karlsson/ enar@slitzmag.com ★

Having the big 'O' is commonly normal. But to get the GREAT 'O' is another story. Orgasm is a MUST on every sexual encounter, and this goes to both sexes and not only to men. Women need them as much as men do. So let us find some ways to inspire those sexual hormones and get a boost with your orgasms!

1. Talk. Some would think talking is not necessary when having sex. NO! It is important too. Believe it or not, Men want to know 'where' and 'how' you want them to do it for you. Women should tell your men if he's on the right track. Moaning is a good sign that he is doing a good job, or words of encouragement will be good as well.

2. Foreplays. Delaying tactics always adds the spice and thrill. The longer the foreplay, the higher the libido rises on both sexes. Getting too aroused together is hot. It builds a great sexual energy that sends sign to both that makes you want to have more, and now. Getting close to orgasm on foreplay and pausing a bit just enhances the stimulation more. It is definite to make you both cum hard!

3. Friction. Hitting the right spots will do the trick for her. Finding her spots and rubbing it good will increase the chances of her bursting like a fountain of youth. Get her on top and feel her clit rub exactly on your pubic bone. The rubbing sensation during the actual sex will make her boost her climax in no time.

4. Kegels. Not all women are aware how to do this. It is the way to switch a normal orgasm into an amazing one. How to do it? Try to simply stop yourself from peeing on midstream. You will feel your muscles contract inside your vaginal canal. Do some daily flexing while breathing normally and soon enough you will be milking his hard shaft while having a fabulous orgasm yourself too.

5. Pressurize. It does not literally mean you grasp his balls hard or crush her boobs. Do it with tenderness and care. Putting on pressure on one's vital sexes increases the desire on both partners. Hold his base-shaft and squeeze him a bit as he thrusts in you would absolutely make him shoot hard. While he, on the other hand, can squeeze her boobs that will make her body sizzle and squirt her juices out. Do not overdue of course, just feel it. You might need to do it again for the next round!

Try to follow these and you are sure not to leave the confines of your bedrooms for hours! So enjoy the shoots and the squirts, go get multiples… it's the greatest!

THE RED LIGHT DISTRICT

THINGS TO DO!

>> THE RED LIGHT DISTRICT

P. Burgos isn't really a good place for a decent tourist to be. It is the red light district of Makati City (kind like Soi Cowboy of Bangkok), and not a very clean area since the foot and vehicle traffic in that area is high. It is located 5 minutes walk from Rockwell's PowerPlant mall. P. Burgos is an easy 30 minute drive from the Ninoy Aquino International Airport and the Manila Domestic Airport. Walking distance to various bars and restaurant along P. Burgos and Jupiter Street, within walking distance to the business and shopping area including the city's major hotels, banks, airlines offices and restaurant.

Ringside Bar, P Burgos Street, Makati, Metro Manila: This establishment features lady- & midge boxing, oil wrestling & pillow fights, along with an annual Miss Bikini World contest. It's one of the 'attractions' in this red light area. I won't be attending anything there...

Jupiter street is more decent, and has great karaoke bars (the decent type, not like the ones along Burgos). Just walk up and down Jupiter St, and you'll find international restos and bars.

>> RIZAL PARK

The 58-hectare (143 acre) Rizal Park is named after Dr Jose Rizal, renowned Philippine anti-colonialist, writer, and philosopher. The park is one of the largest in South East Asia, and is a green lung much used by the residents of Manila for recreation

>> JUMBO KINGDOM

One of Hong kong's tourists attraction now in Manila, the Jumbo Kingdom Floating Restaurant in Manila Bay.

>> TEAM MANILA LIFESTYLE

Team Manila Lifestyle store sell graphic-designed t-shirts, bags and accessories with inspiration by Filipino culture. Stores located in Mall of Asia and Rockwell.

>> THE CHINESE GARDEN

The Chinese Garden is located beside the Rizal Park in Luneta. Admission fee is five Pesos. The Manila Chinese Garden has seen better days, as its not that well maintained anymore.

>> ICE SKATING RINK

After almost 14 years of operations, SM Ice Skating Rink has established three rinks: SM Megamall, SM Southmall, SM Mall of Asia International Skating Rink. From a purely recreational perspective, SM is embarking to transform and develop highly-competitive skaters to world-class standards.

>> GREENBELT PARK

This is a pocket of peace and quiet in the very heart of Makati's busy Ayala Center. Bordered by the Ayala Museum on one side and a string of eateries on another, Greenbelt Park draws a mixture of office workers, young lovers and churchgoers.

>> AYALA MUSEUM

The museum showcases artifacts like trinkets, antique religious statues, and clothing from the various cultures of the Philippines. It has also added a light and sound exhibit that recreates the EDSA Revolution that led to the fall of the Marcoses.

Submit Updates on Philipine Attractions to: update@slitzmag.com

>> CHINATOWN

This part of Binondo has been a Chinese enclave for centuries. Start your tour at Binondo Church, and from there head for the area bordered by Ongpin, Quentin Paredes and Gandara Streets. This area holds mooncakes and sweetmeats, lychees and oranges, strange medicines made from unmentionable animal parts, oodles of noodles, and yellow Chinese gold. You could do part of your tour in a calesa (horse-pulled rig), but settle the price first. Be sure to stop in and visit Bahay Tsinoy Museum, filled with history.

>> INTRAMUROS

The oldest part of Manila is the medieval Spanish walled enclave of Intramuros on the southern bank of the Pasig River, packed with historic buildings and churches, many of which are being or have been restored.

>> NATIONAL MUSEUM

The large and comprehensive National Museum of the Philippines preserves and showcases the cultural, historical and natural heritage of the islands with collections housed in two different buildings (within Rizal Park). Exhibits are categorised in five divisions: art, botany, zoology, geology and anthropology.

>> MALACAÑANG PALACE

The name of this Palace, now the seat of government and official residence of the Philippines head of state, comes from the vernacular 'May Lakan Diyan', which means 'there lives a noble man'.

>> AMERICAN CEMETERY

Providing a quiet spot to retreat from Manila's rat race, the American Cemetery near the Makati commercial centre is a welcome peaceful oasis, much visited by tourists, especially veterans of World War II.

>> TAAL VOLCANO AND LAKE

One of the most visited tourist spots in the Philippines, this geological phenomenon is actually a volcano within a lake within a volcano. Taal is the world's smallest volcano, but do not let appearances deceive you--it can be quite deadly when it erupts. A 45-minute ride on a banca (wooden boat) will take you to the volcano; a 15-minute trek will take you to the top of the crater. An older and larger volcano is an hour away, which requires the assistance of an experienced guide.

>> CORREGIDOR

This small island, shaped like a tadpole, has become a memorial and open-air museum commemorating the World War II stand of Filipino and American troops against the Japanese invaders. The island is the largest of several at the entrance to Manila Bay, laying off the tip of the Bataan Peninsula, about 26 miles from the city.

>> PALAWAN

The island of Palawan is an elongated stretch of thickly forested landscape bordered by coves, beaches, lagoons and limestone cliffs, stretching from southwest of Luzon towards Malaysia. The island's Tubbataha Reef is extremely ecologically important to the Philippines as a feeding ground and nursery for marine life, and the area is archaeologically important too. The main attraction on the island is the underground river, St Paul's Subterranean Cave near Sabang, about two hours by road from Puerto Princesa. The cave extends more than five miles (8km) and contains the world's longest underground river.

STUDYING.....

This is about the times when I used to go to my then boyfriend (now my ex), who lives alone in a condominium in Makati. I go there on weekdays to study using his internet and of course to spend some quality time with him. We don't usually go out but rather wanted to stay indoors and be together. On weekends, I usually take my sister with me so that my parents would not think we will be doing "something" since my kid sister is with me.

So, one weekend we went to his place just to spend the day. I took my sister with me and since she is so much into computer games or MTV and my BF has this cable too. She was so into it that she could not really notice what we were doing behind her back while she watches on cable TV.

My BF just could not wait and his hands are all over me while we were laying down on his big bed. We were kissing lots but trying to be careful not to be soon too. I was giggling softly on every stolen kisses that we do. His hands touches me over my clothes and I am getting hot while he slowly runs his hands on me. I started to breath harder and shifting my body to meet his hands. We we're starting to get frisky. I keep pulling him and kissing his lips while his hands slowly slips inside my shirt. Carefully being slow so that the pillow on me won't fall off (it serves as cover for my sis in case she turns around). His hand is so warm on my belly, slowly rubbing upwards to my bra. I was so hot that I let out a soft sigh. It turned him on instantly and he just could not contain it anymore. He started to loose his zip and let out his very hard cock. I felt wet as soon as I saw it. He turn me around in a spooning position and eases his hips on mine. Biting my lip as he slowly slides it in me from behind. 'Ummmmm...' was my soft cries. Trying to be so silent as I feel his hard shaft sliding more... getting deeper and rubbing my pussy walls. We tried our best not to rock the bed much so that my sis won't notice. I was so horny that I urge him to thrust more. I was so hot and awesome. I was so close when I felt him about to cum inside me. He pulled it out just in time and cum on my butt. He kissed me to silence me as his hand starts to rub my wet pussy and made me cum.

We were smiling satisfied sitll laying on the bed. Giggling as we know that it was such a risky business to do it but still so hot as my sis is sitting done the feet of the bed in front of us. I really hope she did not hear of suspect any. Though even if she did, she sure did not say anything about it on our way home. It was such a sweet time, wish it could have happend again.... who knows, maybe soon. /SLITZMAG.COM
